## **OUR MISSION:**

The mission of the Oakland Literacy Coalition is to increase the capacity of literacy providers to improve early learning outcomes in order to ensure that all Oakland children are reading at a proficient level by the end of third grade.

## **OUR VISION FOR OAKLAND:**

- All students will be able to read, write and communicate at a proficient level by the end of third grade.
- All parents and caregivers will be equipped to encourage early learning and literacy.
- All schools, teachers, and early literacy providers will understand the best practices and research in order to provide high quality literacy services. Early learning service providers and schools will align curriculums and support transitions from preschool to elementary school.
- All neighborhoods will have the resources necessary to support early learning and literacy.

## **OUR GUIDING BELIEFS:**

- All children can learn and succeed.
- Children's development of early literacy proficiency is critical to lifelong learning, success, and personal fulfillment.
- The success of our children depends on a focused, collaborative effort by parents, public and private early learning organizations, community-based organizations, Oakland Unified School District, the City of Oakland, business, and philanthropy.
- Parents and/or primary caregivers are their children's first and most important teachers.
