

# COLLECTIVE IMPACT in OAKLAND

Alignment • Leveraging • Sharing • Learning

## PK-3 LITERACY WORKGROUP

*Convening a table to bring together leaders in Oakland literacy to change the systems.*

### GOALS & OBJECTIVES: Leading to Improved LITERACY Outcomes for Kids

- Level Set by Sharing Our Information & Values: knowledge of the field and changes, and shared agreements on equity and opportunities (e.g., undergirded by lenses of equity)
- Alignment of our Focus: we work collectively on a north star, but might vary focus on curriculum, educators, families/parents, and systems change
- Coherence of our Work: mapping what we all do to see how it puzzle fits together
- Focus on the Systems: specifically, Oakland Thrives and its tables bring the system decision makers together to “clear the way” and “reduce duplication” in the larger ecosystem
- Leveraging Resources: where can we collaborate & work together so that 1+1 = 5?
